

Bugger The Bankers

Soprani	When I was a lass I was proud of my class, like my father and mother before me
Alti	They taught me to fight for my civil rights,
S/A	but it's always the same old story
Alti	The rich reign supreme while the poor can but dream
S/A	under Labour or Liberal or Tory, <i>and I say (tutti)</i>

**Bugger the bankers and politicians, bugger the bureaucrats too
Bugger the buggers who make up the rules
And if you're one of them - bugger you (bis)**

Basses	The system is bent and the money's all spent, we're badgered from every direction
Alti Basses	The workers get taxed while the wealthy relax
Soprani	with nary a moment's reflection
Alti	Where there's brass, there's muck
Tutti	and they don't give an arse 'Cos we're programmed against insurrection, and I say

REFRAIN + Charlie Harmo

Alti	Now all you good people with passion to vent, don't give up the struggle for justice
Soprani	But I've done my time on the protesters' line
S/A	and these days I show my dissent
Tutti	By loitering within my tent, and I say -

**REFRAIN X 2
And if you're one of them - bugger you X 3**
